- Applying for FAFSA
- Types of Grants & Loans

Thinking about college raises many questions.

*What should I do to prepare for college each year? Which classes should I take? Do extra-curricular activities matter? Is my GPA high enough? Should I take the SAT or the ACT? How do I get a good score? Should I apply for early admission? What should I write on my application essays? How will I pay for school? What is FAFSA? How do I find scholarships and grants?*

Whether you have yet to start high school or are soon to finish, BC Education can help you prepare for college and take action.

Planning for college may be stressful, but with the right resources, guidance, and hard work you can stay ahead of the curve and get into the college that's best for you.

Students and parents are invited to attend our free planning seminar to learn about how to prepare for college and what we can do to help.

**SPACE IS LIMITED, SO RSVP EARLY.**

**BC Education Center**
