

BC EDUCATION CENTER

Gifted Test Preparation Program

Are your children ...
academically gifted?
finding school materials too easy?
often challenging themselves?
able to work independently with little direction?
bored with the usual tasks?
curious about everything?

If you answer YES to most of the above questions, you should consider having your children tested for your school district's gifted programs (Prism, Quest, E2, APP).

Our Bellevue center offers gifted test preparation program so that your children can be familiar with the many types of questions on the exam. We also provide some test taking strategies so that your children can take the test more efficiently. We have classes from kindergarteners and fourth graders.

If you are interested in knowing more about the program or in signing up your children, please email us at hao@bceducationcenter.com. **Space is limited (maximum 12 students per class), please sign up early.**
